

# YOUTH EMPLOYABILITY

Welcome to an insightful infographic dedicated to enhancing youth employability, designed to resonate with the vision of the CERV program. Let's delve into the transformative journey towards bolstering youth employability for a brighter, more resilient future.

## PROBLEMS

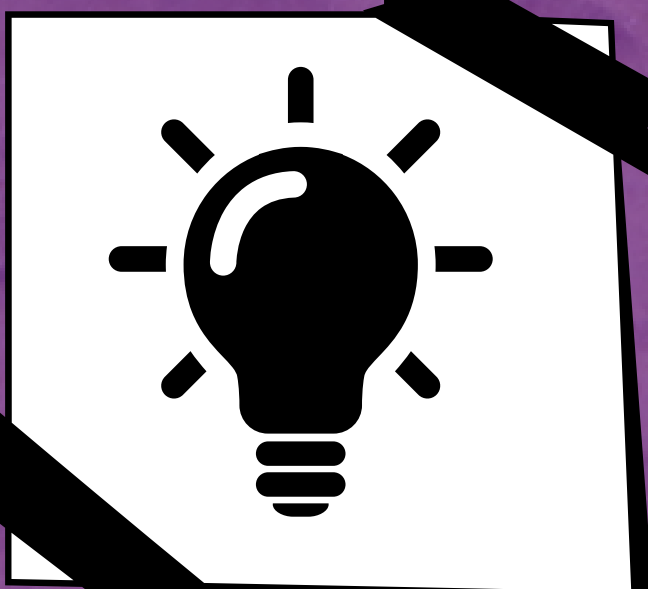

- General unemployment of Europe.
- Youth unemployment of Europe
- Gender GAP

**Eurostat** estimates that **13.026 million** persons in the **EU** were unemployed in **September 2023**.  
Of these people, **2.741 million** were young persons (under 25).

## SOLUTIONS

- Youth initiatives;
- Strengthened cooperation with a psychologist, raise awareness;
- Increase vocational training;
- Develop programmes that integrate business into education;
- Training and Recycling Programs;
- Public-Private Collaboration.

## REVISION

Through targeted initiatives like the CERV program we can build a future where opportunities know no gender, and every individual has the chance to contribute to the continent's success story.
